

Operation *SPLASH*
PO Box 228
Freeport, NY 11520
516-378-4770

BRING BACK THE BAY

To Whom it May Concern:

Operation Splash supports the South Shore Blueway Trail. We support the effort to develop a safe network of water linkages across Nassau County's south shore for people in human-powered boats to enjoy the scenic and environmental richness of the south shore.

Operation Splash (Stop Polluting Littering And Save Harbors) is a volunteer non-profit organization started in 1990 committed to improving the quality of life along our Long Island shores.

Operation Splash is an active partner in this effort. We serve on the Blueway Advisory Committee and work in partnership with other community-based organizations to support a safe and sustainable water trail system.

Sincerely,

Robert C. Weltner
President
